

The Bridge Plan

Both US citizens & non-citizen residents can now
Bridge the Gap to Medicare Eligibility with this unique 364-day medical plan!

The Facts

Legal residents may have to wait up to 5 years before they are eligible for Medicare.

US citizens may be eligible but have failed to enroll while others may only have enrolled in Part A or B.

US citizens ages 60-64 may want an alternative lower cost medical plan to take them to age 65.

Our "Bridge Plan" is available to all these people who are waiting for eligibility or until the next enrollment period.

Your Market

- 1) Non-US citizens ages 60-95 who aren't yet eligible for Medicare
- 2) US citizens who are eligible but have failed to enroll or US citizens who may need only Part A or Part B coverage.
- 3) US Citizens ages 60-64 who want an alternative lower cost medical plan to get them to Medicare!
