**Features**

Short-term medical insurance includes hospitalization and professional health services after deductibles, copays, and coinsurance. Your benefit coverage can pay up to \$500,000 during the covered time period. There are no doctor or hospital network restrictions, so you have the freedom to choose where to receive care.

- Coinsurance maximum out-of-pocket of \$10,000 per person, per coverage period

**Short-Term Medical Insurance Disclosure**

This coverage is not required to comply with certain federal market requirements for health insurance, principally those contained in the Affordable Care Act. Be sure to check your Policy/Certificate carefully to make sure you are aware of any exclusions or limitations regarding coverage of preexisting conditions or health benefits (such as hospitalization, emergency services, maternity care, preventive care, prescription drugs, and mental health and substance use disorder services). Your Policy/Certificate might also have lifetime and/or annual dollar limits on health benefits. If this coverage expires or you lose eligibility for this coverage, you might have to wait until an open enrollment period to get other health insurance coverage. Also, this coverage is not “minimum essential coverage.”

This plan has a pre-existing limitation provision that may prevent coverage from applying to medical conditions that existed prior to this plan effective date.

### How Long Can I Keep The Bridge to Medicare™ Plan?

Beginning at age 60, eligible individuals can purchase three consecutive Bridge to Medicare™ plans. The plans will cover you for three years or until you are eligible for Medicare. Each plan year new coverage periods go into effect, starting with new deductibles, coinsurance and out-of-pocket maximums. Coverage can be canceled at any time.

### Medicare Eligibility Rules

If you apply for Medicare in a timely manner according to Medicare guidelines, your coverage starts the first day of the month you turn 65 years of age unless your birthday is on the 1st of the month. If your birthday is on the 1st of the month, you become eligible on the 1st of the prior month. Your coverage under Bridge to Medicare™ will terminate the 1st of the month you turn age 65.
