Protect Your Health Around the World

What is GeoBlue Voyager®?

Travel health insurance that helps short-term leisure, student, business or missionary travelers identify access and pay for quality healthcare.

GeoBlue Voyager fills health and safety gaps internationally:

Insurance — Even if you are already enrolled in a health plan, your coverage is limited when you travel abroad. In fact, your plan may not pay to have you safely evacuated if you are critically ill.

Information — Where do you turn to learn which hospitals and physicians meet your standards? Keep up with breaking news about health and safety threats? Translate key medical terms and brandname drugs?

Access to quality care — How do you find a western-trained, English-speaking doctor with the appropriate skills? How do you arrange a convenient appointment?

Each GeoBlue Voyager policy includes broad, deep and reliable Global Health and Safety Services easily accessed through the web or our toll-free customer service center.

Why Choose GeoBlue?

Underwritten by 4 Ever Life Insurance Company, rated A- (Excellent) by A.M. Best. 4 Ever Life is an independent licensee of the Blue Cross and Blue Shield Association.

Better Coverage

Our plans are U.S. licensed and feature coverage more generous than plans sold as “surplus coverage.”

- Our plans do not restrict illnesses or injuries resulting from a terrorist act.
- We do not impose pre-certification penalties for hospitalization.
- We provide coverage for pre-existing conditions for medical evacuation. Pre-existing conditions are also covered for medical services by our Choice plan.

A Better Kind of Care

Global travelers can leave home feeling confident that a trusted source of care is available at a moment's notice - no matter what town, country or time zone. Travel anywhere knowing that if your health is a concern, getting good care is not.

●● Cost Calculation

Rates are based on the deductible and medical limit you choose along with your age and the length of your trip. The plan pricing tables provide daily rates based on these variables.

Three easy steps to calculate your plan cost:

- Step 1 - Pick a plan deductible and medical limit from the rate tables on pages 6 and 7
- Step 2 - Find the corresponding daily rate based on the age of the enrollee
- Step 3 - Multiply the daily rate by the number of travel days required (7-day minimum)

Group Rates: 5+ travelers qualify for rates 10% lower. Contact us to sign up.

●● Cost Calculation Example

A 50-year-old traveler selecting a GeoBlue Voyager Choice plan with a \$250 deductible and a \$500,000 medical limit would pay a daily rate of \$3.65.

For a 10-day trip, the plan cost would be $\$3.65 \times 10 = \36.50

Please Note:

If you purchase the GeoBlue Voyager Choice plan, you must be concurrently covered by a primary health plan (please see Plan Summary section on page 8 for a definition of a Primary Plan), and you are not subject to a Pre-existing Conditions exclusion (please see Pre-existing Conditions in the Exclusions section on page 12).

Following stabilization, when medically necessary and subject to the Administrator's prior approval, the Insurer will pay for a medically supervised return to the Insured Person's permanent residence or, if appropriate, to a health care facility nearer to their permanent residence or for one-way economy airfare to the Insured Person's point of origin, if necessary. Transportation shall not be considered medically necessary if the physician designated by the Administrator determines that the Insured Person can continue his/her trip or can use the original transportation arrangements that he/she purchased. All evacuations must be approved and coordinated by Administrator designated physicians. Transportation must be by the most direct and economical route. With respect to this provision only, the following is in lieu of the Policy's Extension of Benefits provision: No benefits are payable for Covered Expenses incurred after the date the Insured Person's
