Disclosures

Short-Term Medical Insurance Disclosure

This coverage is not required to comply with certain federal market requirements for health insurance, principally those contained in the Affordable Care Act. Be sure to check your Policy/Certificate carefully to make sure you are aware of any exclusions or limitations regarding coverage of preexisting conditions or health benefits (such as hospitalization, emergency services, maternity care, preventive care, prescription drugs, and mental health and substance use disorder services).

Your Policy/Certificate might also have lifetime and/or annual dollar limits on health benefits. If this coverage expires or you lose eligibility for this coverage, you might have to wait until an open enrollment period to get other health insurance coverage. Also, this coverage is not “minimum essential coverage.”

This plan has a pre-existing limitation provision that may prevent coverage from applying to medical conditions that existed prior to this plan effective date.

If an insured relocates to a state where short-term medical insurance forms are not available, a new policy cannot be issued at the expiration date of the policy currently in force.

*Policy duration varies by state availability.

^Due to state regulations in Indiana, the Coverage Period Maximum Benefit option is \$2,000,000.
